Owner of Water Craft Signature

Date

Disclaimer: The registration and inspection process is to provide documentation for the Towne Lake Community Association that the property owner registering the above referenced water craft has complied with the recorded Rules and Regulations for the Recreation Lake in the Towne Lake Community, as those rules and regulations relate to the type and size of water craft and horse power of water craft motor. The inspection and registration process does not however provide any warranty or certification to the safety of the water craft or the ability of the owner of said craft for its proper operation.
